Volume Contents

The Cuthbertson Lecture
A teleological view of sepsis
J. E. Fischer 1

Elective cholecystectomy increases plasma amino-acid clearance and hepatic capacity for urea synthesis for one week
H. Heindorff, H. Vilstrup, T. Almdal, T. Harvald, J. Nielson and S. Dalsgaard 10

Normal values for weight, skeletal size and body mass indices in 890 men and women aged over 65 years
A. B. Lehmann, E. J. Bassey, K. Morgan and H. M. Dallosso 18

Energy expenditure and protein synthesis rates in an animal model of cancer cachexia
J. A. Plumb, K. C. H. Fearon, K. B. Carter and T. Preston 23

Peripheral tissue energy metabolism during recovery from hypothermia after cardiopulmonary bypass: effect of amino-acid infusions
K. Hersio, J. Takala, A. Kari and K. Huttunen 30

Nitrogen and energy balance in depleted patients undergoing major gastrointestinal surgery: response to TPN
O. Pitkänen, J. Takala, M. Pöyhönen, A. Kari, P. Miettinen and E. Alhava 36

The effect of endotoxin and turpentine administration on intestinal permeability in the rat
G. Jennings, P. G. Lunn, C. A. Northrop-Clewes and M. Elia 43

Effects of dietary whey proteins, their peptides or amino-acids on the ileal mucosa of normally fed and starved rats
M. G. Poullain, J. P. Cezard, C. Marche, J. Macry, L. Roger, E. Grasset and J. P. Broyart 49

The effect of acute infection on indices of zinc status
H. F. Goode, J. Kelleher and B. E. Walker 55

Correspondence 60

Book Reviews 61

ESPEN News 63

Contents of the Journal of Parenteral and Enteral Nutrition 64

Enhanced retention of urea-nitrogen in patients on total parenteral nutrition for intestinal failure
B. J. Moran, S. J. Karran and A. A. Jackson 67

Peripheral venous nutrition: the equal relevance of volume load and osmolarity in relation to phlebitis
J. G. Timmer and H. G. Schipper 71

Intestinal permeability in man: effects of acute systemic infections
M. Elia, C. A. Northrop-Clewes, P. G. Lunn and A. Goren 76

Assessment of changes in total body water in patients undergoing renal dialysis using bioelectrical impedance analysis
S. A. Jebb and M. Elia 81

Effect of food restriction on tissue carnitine concentration in rats
O. J. Heinonen, J. Takala and M. Kvist 85

Experimental carnitine depletion in rats
O. J. Heinonen and J. Takala 91

The effect of carnitine supplemented total parenteral nutrition on lipid, energy and nitrogen metabolism in severely ill patients
S. Sandstedt, G. Cederblad, M. Lindholm and J. Larsson 97

Elimination of infused branched-chain amino-acids from plasma of patients with non-obese type 2 diabetes mellitus
G. Marchesini, G. P. Bianchi, H. Vilstrup, M. Capelli, M. Zoli and E. Pisi 105

Bacterial contamination and growth in two defined formula diets of different pH
L. Ovesen, E. W. Hansen, L. Allingstrup, M. Adsersen, K. Langballe and S. Frøkjær 114

The effect of severe dietary restriction on intramuscular glutamine concentrations and protein synthetic rate
K. Khan, M. Wusteman, S. Wood and M. Elia 120

Proceedings of the Second International Workshop on Glutamine Metabolism, September 1989. Continued from Vol. 9, No. 1
Glutamine-dependence of rat enterocyte functions as assessed in cell cultures
F. Hartmann, A. Raible, M. Plauth, D. Bauder and D. Vieillard-Baron 125

Short Paper
Pneumopericardium – a life-threatening complication of central venous catheterisation
A. I. Rivkind, S. Meretyk, P. Lebensart and M. M. Krausz 128

Book Reviews 131

Forthcoming Events 132

Review
Parenteral nutrition: the management of complications
C. R. Pennington 133

Intestinal adaptation following jejuno-ileal bypass
S. B. Doldi 138

Intravenous carbohydrate over-feeding: a method for rapid nutritional repletion
E. Pullicino and M. Elia 146

Efficacy of ornithine-alpha-ketoglutarate (OKGA) as a dietary supplement in growing rats
M. Jeevanandam, M. R. Ali, L. Ramias and W. R. Schiller 155

A novel method for the biological evaluation of protein quality using plasma somatomedin-C (insulin-like growth factor-1) measurement
Z. T. Cossack 162

Alterations in serum cortisol, CD4+/CD8+ lymphocyte sub-population ratio and T cell mediated suppression of immune responses in the malnutrition of anorexia nervosa
Ø. H. Bentdal, S. S. Frøland and O. Djøseland 167

Migration of a Silastic® central venous catheter into the right jugular vein: report of two cases
T. Chikenji, M. Mizutani, M. Yokoyama and Y. Kitsukawa 173

Correspondence 176

Book Review 177

Contents of Nutrition: The International Journal of Applied and Basic Nutritional Science

Plasma-specific proteins: their response to surgical trauma and tumour load, and modification of this response by post-operative metabolic support
J. Broom, E. Casson, I. Morison and W.G. Simpson 179

Factors affecting the stability of L-glutamine in solution
K. Khan and M. Elia 186

The stability of L-glutamine in total parenteral nutrition solutions
K. Khan, G. Hardy, B. McElroy and M. Elia 193

Effect of glutamine on intestinal mucosal integrity and bacterial translocation after abdominal radiation
T. Karatzas, S. Scopa, I. Tsoni, K. Panagopoulos, I. Spiliopoulou, S. Moschos, K. Vagianos and F. Kalfarentzos 199

Increased hepatic capacity of urea synthesis in acute and chronic uraemia in rats
T. Almdal, M. Egfjord, B. A. Hansen and H. Vilstrup 206

The influence of short-term pre-operative intravenous nutrition upon anthropometric variables, protein synthesis and immunological indices in patients with gastrointestinal cancer
M.R. Zeiderman, G. Gowland, B. Peel and M. J. McMahon 213

The relationship between nutritional status and serum soluble interleukin-2 receptor concentrations in patients with Crohn's disease treated with elemental diet
P.D. Duane, K. Teahon, J.E. Crabtree, A.J. Levi, R.V. Heatley and I. Bjarnason 222

Effect of energy substrate manipulation on tumour cell proliferation in parenterally fed cancer patients
F. Rossi-Fanelli, F. Franchi, M. Mulieri, C. Cangiano, A. Cascino, F. Ceci, M. Muscaritoli, P. Seminara and L. Bonomo 228

The effect of dietary vitamin E deficiency on plasma zinc and copper concentrations
H. F. Goode, L. Purkins, R. V. Heatley and J. Kelleher 233

Book Review 236

Correspondence 237

Notice 238

Hypothesis
The nutritional sensitivity of the diurnal cycling of body protein enables protein deposition to be measured in subjects at nitrogen equilibrium
D.J. Millward, G.M. Price, P.J.H. Pacy, R.M. Quevedo and D. Halliday 239

The development and healing of pressure sores related to the nutritional state
A.-C. Ek, M. Unosson, J. Larsson, H. von Schenck and P. Bjurulf 245

Post-operative fatigue – a real phenomenon attributable to the metabolic effects of surgery on body nutritional stores
S.E. Stock, M.B. Clague and I.D.A. Johnston 251

Nitrogen and energy balance in septic and injured intensive care patients: response to parenteral nutrition
O. Pitkänen, J. Takala, M. Pöyhönen and A. Kari 258

Over-feeding as a cause of fever in intensive care patients
S. Henneberg, J. Sjölin and H. Stjernström 266

Glucose versus glucose-fat mixture in the course of total parenteral nutrition: effects on substrate utilisation and energy metabolism in malnourished children
J. Salas, J.P. Girardet, S. de Potter, C. Martí-Henneberg, O. Goulet and C. Ricour 272

Cholesterol-lowering effect of continuous enteral nutrition in man
P. Beau, C. Tallineau, J.-P. Barbieux, P. Ingrand and C. Matuchansky 279

Decline in somatomedin-C (insulin-like growth factor-1) with experimentally induced zinc deficiency in human subjects
Z.T. Cossack 284

Nutritional status of patients undergoing ileal pouch-anal anastomosis
L. Pironi, M. Miglioli, E. Ruggeri, M.A. Dallasta, G. Poggioli, R. Caudarella, S. Piazzi, R. Miniero, G. Gozzetti and L. Barbara 292

Feeding jejunostomy for post-operative nutritional support
M. Carmon, D. Seror, R. Udassin, E. Feigin, A. Szold, B. Rimon, M. Muggia-Sullam and H.R. Freund 298

Forthcoming Meeting 302

Contents of Nutrition: The International Journal of Applied and Basic Nutritional Science

Contents of the Journal of Parenteral and Enteral Nutrition

Review
Intravenous lipid emulsion and host defense – a critical review
J. Palmblad 303

A randomised study of the effects of osmolality and heparin with hydrocortisone on thrombophlebitis in peripheral intravenous nutrition
M. Madan, D.J. Alexander, E. Mellor, J. Cooke and M.J. McMahon 309

A prospective and randomised study comparing the incidence of infusion phlebitis during continuous and cyclic peripheral parenteral nutrition
M.J. Kerin, I.R. Pickford, H. Jaeger, N.F. Couse, C.J. Mitchell and J. Macfie 315

The effect of artificial feeding on colestasis, gallbladder sludge and lithiasis in infants: correlation with plasma cholecystokinin levels
M.N.L. Mashako, J.-P. Cezard, N. Boige, J.A. Chayvialle, C. Bernard and J. Navarro 320

Liver factors involved in drug metabolism in experimentally infected rats: deleterious effect of ornithine α-ketoisocaproate
J. Petit, H. Fouin-Fortunet, V. Colomb, B. Hecketsweiler, J.F. Lemeland, P. Denis and R. Colin 328

Food intake, eating-related complaints, and smell and taste sensations in patients with cancer of the lung, ovary and breast undergoing chemotherapy
L. Ovesen, J. Hannibal, M. Sørensen and L. Allingstrup 336

The value of nutritional assessment methods in surgical patients living in Saudi Arabia
M.S.M. Ardawi, A.A. Meccawi, A.R. Ashy, Y.S. Jamal and K.M. Salman 342

Clinical absorption and photodegradation of the fat-soluble vitamins A and E
P. Drott, S. Meurling and L. Meurling 348

Case Report
***D*-lactate associated encephalopathy in short bowel syndrome: management with long-term non-absorbable oral antimicrobials**
R.J. Forsyth, A. Moulden and D. Hull 352
